

CONTENTS

• Specialist View •

Development Status and Suggestions for the Enhancement of Grassland Productivity and Grassland Ecological Function in Tibet

..... WANG Jinglong, QU Guangpeng, XIA Fei, SHI Ruizhi, Renzengwangdui, Cizhen, ZHOU Qingping(001)
Exploration of the Evaluation Mechanism of Agricultural Scientific and Technological Achievements in Tibet under the New Situation

..... SUN Wei, SHI Yajuan, YIN Pengxing(006)

• Experimental Research •

Study on Nutrient Absorption Characteristics of Highland Barley

..... CHEN Chuhong, Suolangdanzeng, Suolangduoji, YUAN Chengli, TIAN Kexing, Qiongzhuoma(012)
Effects of Water-nitrogen Coupling on Highland Barley Quality and Yield in a High-altitude Cold Zone

..... SHI Xueshuang, WANG Runzhi, Dawaqiongda, Suozhen¹, YANG Xuetao(021)
Effect of Different Planting Areas and Varieties on the Quality of Highland Barley

..... Zhaxipuchi(026)

Study and Analysis on Photosynthetic Characteristics and Agronomic Characters of Semi wild Wheat in Tibet LIN Zhiqin, Quji(030)

Investigation and Analysis of Crop Germplasm Resources in Leiwuqi County, Changdu City, Tibet

..... Dejilamu(034)

Study on Large Scale Artificial Propagation of *Schizopygopsis younghusbandi* Regan

..... HUANG Pengcheng, ZENG Benhe, WANG Jinlin, WANG Ning, Wangjiu(038)

Study on the Effect of Different Density on the Yield of ‘Shangshu 19’ Sweet Potato Horizontally Planted at Counterpoint in Double Row on Wide Ridge

..... CHEN Pengbo(045)

The Impact of Different Water and Fertilizer Management Modes on the Yield and Quality of Daqing Grapes

..... LIU Bing(048)

Effects of PEG-6000 Simulated Drought Stress on Antioxidant Enzyme Systems of Five Varieties of Gramineous Forage Grass Seedlings

..... LIU Jie, WANG Yuhui, LIU Haicong, LUO Liming, ZHANG Caixia(052)

Research Progress on the Relationship Between Grassland Soil Aggregates and Organic Carbon Sequestration

... ZHENG Shaikun, XIA Fei, WEI Wei, WANG Jinglong, YANG Caihong, WANG Junqiang, XUE Yunyin,
SHI Hao, WU Haoyang, RAN Linling, YAN Shuang, JIANG Xiaomin(057)

Research Progress of Structure-Activity Relationship of Calcium Chelating Peptides Derived from Different Food Proteins

..... LI Zhaomin, CAO Hanwen(061)

Study on the Pollen Variation and Evolution of *Prunus mira* Koehne Germplasm Resources in Tibet
..... CUI Yongning,ZHANG Shanshan,WANG Lirong,ZHAO Fan,Gesangpingcuo,WANG Xinwei,
ZENG Xiuli(068)

Analysis on the Prevalence of Yak Pasteurellosis and Bovine Viral Diarrhea in Shigatse City
..... WEN Hou,BIAN Qiong,Cidanouzhu,HUANG Fengli,MI Ping(073)

Correlation Analysis Between Body Weight and Body Size of Chawula Yak
... BAO Jicai,WENG Haobo,ZHANG Pinlin,QI Fasheng,Zhumu,LI Ming,LA Zhenxing,Danzengdunzhu,
Cirenlangjie,Cidanduoji,Qimizhuoga,ZHANG Yong(078)

• Technology Extension •

Technical Specification for Simple Cultivation of Highland Barley in Valley Agricultural Region in Tibet
... TONG Jian,JIANG Zhibing,WANG Shengping,Sangbu,Duojicidan,Suozhen,Basangzhuoma,Danzeng(082)

Discussion on Prevention and Treatment of Lumpy Skin Disease
..... Zhaxiyongcuo,CHEN Jianchun(085)

• Literature Review •

Suggestions on Implementing Ecological Restoration Project of Degraded Grassland in Shigatse
..... Zawang,Dala,Nimapuchi,Azhen(088)

Research on the Control Strategies for *Plutella xylostella* in Rapefield of Tibet
..... HONG Dawei,ZANG Jiancheng,TANG Xiaoqin,CHEN Yiqu,PANG Bo(092)

Research Progress of Lumpy Skin Disease in Cattle
..... WANG Dongjing,MA Hongcai,YUAN Zhenjie,SU Zhonghua,CHEN Jianchun,WANG Zi,LI Jiakui,
ZENG Jiangyong(096)

Analysis on the Sustainable Development Path of Agriculture andEcology in Tibet
..... ZHAO Xin,GUO Rongming,CHENG Fangfang,Cirenduoji,Cirenyangpei,XIA Maolin(101)

Analysis on the Path of High Quality Development of Highland Barley Production in Changdu City
..... YAN Jinyuan,YANG Guoxiong,HAN Minghai(107)

Discussion on the Development Direction of Wheat Crop BreedingTechnology
..... YU Mingzhai,Deqingzhuoga(112)
